All colours shown are available in 14ml tinlets, with the exception of the additional acrylics, fluorescent colours, royal blue and chrome silver, aluminium and metallic black. For larger sizes, sprays and acrylics, see symbols adjacent to each shade.

Paint shades are as accurate as printing processes permit.

Les nuances des peintures sont aussi fidèles que les procédés d'impression le permettent.

Farbabweichungen sind drucktechnisch bedingt.

Las tonalidades son todo lo exactas que permiten los procesos de impresión.
